PROFESSIONAL OBJECTIVE

My desire is to improve the skills I already have by working on a challenging project in the team of professionals.

EXPERIENCE

2013 – 2020 ANGULAR /ASP.NET DEVELOPER. – INFOSERVICE

Acted as the lead or regular developer on projects that were different in development approach and the technology stack. The main experience is in building advanced complex business systems for replacing the outdated set of isolated solutions.

MAIN PROJECTS

- Vaze, application for tracking COVID-19 exposure and submit laboratory test results to cloud registry. Used technologies: server-side: .NET Core 2.1, Amazon Web Services, Lambda, DynamoDB, SNS; client-side: Angular 9, NGXS, ng-bootstrap.
- AttachMore, online file sharing solution. - Attachmore makes it simple to send and share files that are too large to email. Avoid the pitfalls of email systems and the complexity of online storage solutions with a service specifically designed for file delivery. Acted as lead lead client-side developer and additional developer on server-side. Also acted as coordinator of team, API specification developer. Used technologies: ASP.NET WebAPI / .NET 4.8 / Angular 7.
- Cropstream, Multi-tenant solution. – Work/resources accounting and planning service for the agricultural industry of USA. Acted as lead developer of SPA part and as additional developer of server part. Used technologies: ASP.NET WebAPI / .NET 4.5 / AngularJS / Angular 7.
- Regeneron request for funding, Regeneron Pharmaceuticals, Inc. – Online solution for receiving request for funding and automatization of decision-making business processes. Acted as the developer of the main system. Also developed a set of tools for importing/exporting from existing legacy systems and set of reporting tools. Used technologies: ASP.NET MVC / .NET 4.X /

jQuery.

- Otsuka business institute, Otsuka Pharmaceutical Co., Ltd. – A platform for training and improving the skills of employees. Worked among other developers on the main server and the administration interface. Used technologies: ASP.NET MVC / .NET 4.X / jQuery.

ACADEMIC BACKGROUND

2008 – 2013 COMPUTER SCIENCE, MASTER'S DEGREE – KHMELNYTSKYI NATIONAL UNIVERSITY One of the best students in the class. Took second place at the international olympiad "CAD and computer modeling in engineering".
